Courses Accreditation

The VET Spanish National authority will assess the incorporation of our courses as Grade A offers of the National Vocational Training system.

It is required that they send they the link of each one of them with professional qualifications/competence units of the National Catalog of Professional Qualifications (CNCP) as well as the curriculum for each module.

Courses Accreditation

Organic Law 3/2022, of March 31, on the organization and integration of Vocational Training.

CHAPTER II

Types of offers and degrees of training

Article 28. Typology of offers.

1. The typology of the offers of the Vocational Training System is organized, sequentially, in the following grades:
2. a) Grade A: Partial accreditation of competence.
3. b) Grade B: Certificate of competence.
4. c) Grade C: Professional certificate.
5. d) Grade D: Training cycle.e)
6. Grade E: Specialization course.2. In each of the Degrees there will be offers linked to levels 1, 2 and 3 of the National Catalog of Professional Competence Standards.

Courses Accreditation

Article 27. Titles, certificates and accreditations.

1. The titles, certificates and accreditations corresponding to the formations regulated by this law:
 - a) They will be approved by the General State Administration and issued by this or the other competent administrations in the matter under the conditions established for this purpose, provided that they include at least one learning outcome linked to an element of competence and are collected in the National Catalog of Vocational Training Offers.
 - b) They will accredit, to those who obtain them, the standards or elements of professional competence, providing the corresponding academic and professional effects according to the applicable legislation.
 - c) They will deploy the effects that correspond to them in accordance with the regulations of the European Union regarding the general system of recognition of professional training in the Member States and the signatory States of the Agreement on the European Economic Area.² Those who do not fully pass any vocational training offer will receive a certification of the professional modules and, where appropriate, areas or subjects passed, which include the competency standards or competency elements acquired, which will have cumulative effects on the staggered system of professional training. This certification will entitle the competent administration to issue the corresponding professional certificates or accreditations of the Vocational Training System.

Courses Accreditation

a) Identification of the training offer:

- Denomination.
- Professional family or families.
- Level in the vocational training system (1,2 or 3).
- Proposed duration

b) Professional profile.

- List of competency standards included in the National Catalog of Professional Competence Standards.

c) The professional environment, which includes, among others, occupations and jobs.

d) Basic curriculum.

- General competence, professional competences and for employability.
- Definition of the professional modules of the Modular Catalog of Vocational Training.
- Each Module includes learning outcomes and evaluation criteria.
